GRADE: SSgt/E-5 PROMOTABLE to TSgt/E-6 NTE MSgt/E-7

AFSC: 3E471 / ANY

TOUR LENGTH: 1-6 years

ELIGIBILITY OF FEMALES: Yes

OPENING DATE: 22 January 2015

CLOSING DATE: 20 February 2015

DESCRIPTION OF DUTIES: Performs installation and maintenance of pipe systems, plumbing fixtures, and equipment. Installs, tests, troubleshoots, and repairs pipe systems designed to conduct flow of hot and cold water along with interior sewage. Installs and maintains pipe systems located above, under or on the ground; in, on, and between walls, floors, and ceilings; and, at fixtures, appliances, potable and non-potable water, interior sewage, and air and gas systems. Connects pipe sections using fittings and soldering, brazing, or packing oakum with hot lead. Installs plumbing fixtures such as heating devices, sinks, toilets, showers, water heaters, sterilizers and laundry machinery. Installs devices such as traps, vents, drains, siphons, pumps integral to plumbing systems, meters, fittings, couplings, shock arrestors, and other fittings to pipe sections. Determines condition of connections, and makes repairs or corrections. Adjusts connections and pipe circuitry to correct such conditions as air lock, water hammer, expansion, contraction and friction. Maintains, inspects, and repairs water/waste water, and gas distribution systems and components. Performs inspection, recurring maintenance, and seasonal overhaul on systems. Interprets drawings and schematics to analyze and isolate system malfunctions. Modifies equipment for specific missions or to increase efficiency. Locates and determines quality and quantity of water sources. Performs water analysis for chemical and physical characteristics to determine water purification treatment methods. Performs setup and operation of the Reverse Osmosis Water Purification Unit (ROWPU), Harvest Falcon field deployable latrine, Harvest Falcon Bare Base water/waste water systems, shower/ shave unit with M-80 boiler, and Petroleum, Oil and Lubricants (POL) Rapid Utility Repair Kit (RURK). Tests systems operation and purity, and detects component malfunctions using test equipment. Removes, repairs, and replaces system components or component parts. Checks installed safety devices for operation, and performs inspections to include purity control measures as required by technical orders, manuals and manufacturers

data. Equipment custodian for Mechanical section. Implements the Squadron Environmental Program and Air Force Occupational Safety and Health Program (AFOSH) within the Mechanical section. Performs maintenance on diesel and gasoline engine driven shop equipment IAW the operator and owner manuals provided by the manufacturer. Performs required repairs to maintain safe operation and availability. Perform corrosion control on assigned equipment. Prepares training plans for the operation and maintenance for all types of mechanical equipment. Must be proficient in the operation of construction and maintenance equipment such as diesel and gasoline powered trucks, refrigeration units, generators, forklifts, Environmental Control Units (ECU), and similar equipment. Provides individual and group instruction of the basic principles of operating and maintaining mechanical equipment to assigned personnel on a regular recurring basis. Inspects and tests fuel receiving, storage, and distribution facilities and performs preventive maintenance on fuel systems and components. Inspects fuel tanks and vents for proper operation. Checks interior and exterior of tanks for corrosion, leakage, contamination, and sludge and corrects operations of level gauges, product recovery systems and other safety components. Performs corrosion control of all tanks and associated piping systems. Performs ground resistance testing and pressure checks tanks for integrity. Checks, maintains, and repairs associated fuel piping systems and hose components. Inspects entire fuel distribution system and components to detect possible explosive and toxic hazards. Maintains records of inspections, maintenance, and repairs as required. Perform other duties as assigned.

ACTIVE GUARD/RESERVE ELIGIBILITY REQUIREMENTS:

1. Individuals must meet the basic eligibility criteria as stated in ANGI 36-101, Chapter 2. Member must possess outstanding appearance, military bearing, and conduct with no history of disciplinary action.
2. Applicant's military grade cannot exceed the maximum grade authorized on the SPMD for the position and ANG Grade Compatibility Table.

ADDITIONAL REQUIREMENTS:

1. Except for mobilization or other emergency, member accepted for tour will not be subject to permanent change of duty location without his/her consent. Retention in the program will be subject to continued satisfactory performance as determined by the supervisor and/or commander.
2. Existing ANG promotion policies apply and grade ceilings established by ANGI 36-101.
3. At the option of supervisor/nominating official, applicants are subject to personal interview upon notification of time and place. Necessary travel is at applicant's expense.
